

Couch Street Apartments

There are a total of six two-bedroom, one-bath units in this building that was constructed in 1906. Each unit features a large kitchen, lots of built-ins, tons of charm, and incredible views of downtown Portland. Easy walking distance to downtown, the Eastbank Esplanade, Convention Center, and of course the Doug Fir!

We also have seven other apartment units in very close proximity. For more information and to check availabilities, please contact:
